The Amanda Young Foundation Young Leaders Camp

Tuesday 18th April to Friday 21st April 2017
at Penrhos College, Thelma St, Como.

Open to all Year 11 students
Applications close March 9th 2017

When the Amanda Young Foundation was set up in 1998 in memory of Amanda, who died at 18 from Meningococcal disease, one of the objects of the Foundation was to develop young people into leaders in our community.

Amanda had made the most of her opportunities and achieved a great deal in her all too short life.

The Foundation raises funds at a variety of events throughout the year to conduct the programme, with only a subsidized fee of \$150 to be paid by each participant, which includes all meals and accommodation at Penrhos Boarding College.

(Please note that the Foundation is able to waive fees in case of financial hardship. For country students we may also be able to assist with travel costs. Please contact Linda on 9227 4237 to discuss)

The Program has been run by Mike Bormann and his professional team from Jojara & Associates for 17 years, and it is very well received by students and parents alike.

The four day residential Camp includes a variety of interactive sessions on team building and leadership as well as presentations from guest speakers - young achievers themselves - who will motivate and inspire participants to set goals and reach for their dreams.

Through the leadership sessions they will discover the qualities of a good leader: team building, time management setting clear goals, motivating themselves, taking charge of their life and many other skills to help take them to wherever they want to go.

Participants will also be introduced to: Learning and communication skills, Stress and Relaxation Techniques, Myers-Briggs Personality Workshops, and in a nut shell inspired to MAKE A DIFFERENCE.

During the program the students are also involved in an information session on Meningococcal Disease.

They are asked to go back to their school communities and to do something tangible to raise awareness of the disease. They are provided with materials, posters, water bottles, 'fridge magnets, brochures etc. Some give a presentation to their class, others to whole school groups at an assembly or perhaps a Health Expo. We hope that you will support them in putting this into practice on their return to school

One of last year's students wrote : "I would just like to thank you and everyone else on the team, Barry, Lorraine, Melissa, everyone. You have all changed my life.... really. I feel that I took so much away from those four days and I appreciate all the time you guys put into this camp.

Thank you, Jacinta"

Please contact us on info@amandayoungfoundation.org.au or Telephone 08 9227 4237 (Monday or Thursday) and we will be happy to answer any questions you have about the Youth Summit.

Kind Regards,

Lorraine & Barry Young
